

Submitter: Anne Ryland-Anderson

On Behalf Of:

Committee: Senate Committee On Veterans and Emergency Preparedness

Measure: SB1517

This bill would support our elected officials to act in the interest of their constituents and be representative of the population of Oregon. This bill would return power to the state and not a few selected officials especially the governor. As a 35 year veteran of medicine, a colleague of former Senator and Dr. Alan Bates I feel strongly that sound medical advice would have changed the course of this current pandemic for Oregon had Emergency Powers been limited. I have submitted written and oral testimony multiple times along with others in the health care and educational fields, only to have our voices fall on deaf ears because those listening are not representative of all Oregonians.

Thankyou

Anne Ryland P.A.
