

Submitter: June Sanders

On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB4002

To all Committee Members:

With all the inflation and struggles that average citizens of our country are experiencing right now, why on earth are you even thinking of causing more inflation and trying to fix something you know nothing about. The result of requiring overtime on agriculture employees will do nothing but cut their pay, reduce productivity, and raise costs.

HB 2002 needs to be cancelled.

Ag supporter,
June Sanders
