

Submitter: Linda Abundis

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Oregonians have made it plain we Do Not want a sales tax. We pay income Tax and high property taxes! It is time for the state of Oregon to be better stewards of the money the federal government and Oregonians have provided. People are fed up with leaders who are not listening to us and allow our cities to be destroyed by addicts and the police defunded! Why don't we follow Rhode Island's plan? That has a 95% success rate. Homeless drug addicts and alcoholics are given LONGER SENTENCES and treatment is MANDATORY!
