

Submitter: Louise Shawkat

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB1518

As a rural Oregonian, I support this SB 1518. I am deeply concerned about the lack of stringent building codes that need to be implemented to reduce our GHG emissions-more strict codes are part of the answer. It is not correct to inhibit those communities that want to do their fair share of interventions to combat climate change
