On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB4002

Good Evening,

Thank you for allowing me to enter testimony. I am a small farmer . I do custom haying for 20 -25 clients each year, I have a very narrow window to get the hay cut, raked and baled. The weather is a major factor, in making quality product. It requires starting early in the morning, and going till sometime after dark, and seven days a week till it is done. You hope your machine will continue to work, or it is a longer day. We have our 40 hours in by Wednesday. This bill will mean I will have to reduce the number of clients I have or totally shut down. Thank You for your time.

John C. Nyberg
