

Submitter: Paul Rapet

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

To the House Committee on Human Services,

I strongly oppose HB 4079. We, the tax payers, are already heavily taxed (income tax and property tax). We also live in a state that is notoriously in the top five for highest cost of living.

An additional tax will only aggravate the exodus from the state. We, residents and businesses, will just move to a different state with an affordable cost of living and reasonable legislature not driven by ideology.

Tempt us and we'll gladly leave.

Sincerely,

Paul Rapet
