Measure: HB4079

I STRONGLY oppose HB 4079!! A tax such as this needs to go directly to the voters. It is absolutely ridiculous that you are trying to pass ANOTHER tax. Oregon is the 4th biggest per capita/state spending state in the US! I honestly cannot believe that you are trying to slip this past voters at a time when Oregonians (businesses) are still trying to recover from Covid-19 restrictions. You are taxing us to death. We are a laughing stock of the country. Please just STOP!! NO ON HB 4079!!!
