

Submitter: Susan Vasey

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

I am strongly opposed to HB 4079. I believe this bill, if passed, will encourage even more homeless people to migrate to Oregon. It will be particularly detrimental to resort cities such as Seaside and others on the coast. It is difficult enough servicing tourists needs when there are not enough people staffing the service industry and then Adding more homeless people to the population may be the final straw in keeping tourists from visiting and supporting our vacation destinations.
