

Submitter: Barbara Smith

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

As a resident of Oregon and a tax paying citizen I am opposed to the proposed 3.5% sales tax. Oregon has never had a sales tax and the people of Oregon has voted down a sales tax every time it's proposed. We all know that once a sales tax is implemented it will continue to increase over time, citizens and businesses are struggling as a result of Covid 19 and the last thing they need now is more taxes. I say NO to HB4079.
