

Submitter: Dan Mackenzie

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

It's pretty simple. Oregonians do not want/need another tax, no matter the cause. Before we look to you for the homelessness problem, how about you fix our failing school system - to which we pour more money than most US States. That would probably do more to help homelessness than a handout.

NO MORE NEW TAXES.
