Measure: HB4002

I would like to voice my objection to the HB 4002 Agriculture Overtime Bill that is being heard today (Feb 8, 2022 at 5:30 p.m.) in a public meeting with The House Committee Members on Business and Labor.

Obviously anyone who is in favor has not worked on a farm or ranch! For MANY TEENAGERS working on farms during harvest season (summers) affords them the means for college tuition, etc. and/or money for the year.

As my grandmother used to tell me “Idle Hands are the Devil’s Workshop” – If people are working, they’re less likely to look for things to do with their time!

If you are not the correct person to direct this to, please let me know what the process is.

Thank you,

Vickie Bailey
