

Submitter: Erik Kancler

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1582

Chair Golden, Vice-Chair Kennemer and Members of the Committee:

I'm writing on behalf of county assessors to recommend adoption of the -2 amendment. We have no policy position on this legislation. Our interest is ensuring that if passed it can be administered as intended. The language in Section 2(4) of the base bill would inadvertently complicate the approval of fire protection district boundary changes. The -2 helps ensure that DOR and assessors can rely on existing and proven procedures for boundary change approvals, which should lead to more certain outcomes.

Thank you,  
Erik Kancler
