On Behalf Of: Mr Oregon OPPOSES SB 1538
Committee: Senate Committee On Health Care
Measure: SB1538

Monday; [SB 1538]

I OPPOSE [SB 1538].

[SB 1538] does not identify the specifics of the cost of the dental program.

[SB 1538] also appears to confer a benefit to some and not to cover everyone equally without dental coverage.

More thoughtful effort is required to construct a Dental services plan than what is proposed here today.

I only hope [SB 1538] can be Amended to be economically self-sustaining to provide required dental services to those in need.

Mr. Oregon CONCURS.
