Measure: HB4080

I am asking you to oppose House Bill 4080. Killing of wildlife because an animal might damage private property is an unsound and likely ineffective means of resolving human/wildlife conflicts. Furthermore, the federal wildlife service who would receive the raised funds, is known for cruel practices (snares, cages, aerial shooting..) and blanket rather than a target response which leads to unnecessary animal deaths. The focus needs to be on peaceful co-existence.
