Committee: House Committee On Health Care
Measure: HB4003

Tuesday; [02.08.22]

I strongly OPPOSE [HB 4003].

I do not support the 'watering-down' of our Nurse Licensure requirements.

Who would monitor the 'Intern Nurses'?

Would 'Intern Nurses' be paid the same rate as licensed Nurses in some circumstances?

[HB 4006] would give the same rate of pay to the 'Witch Doctors' as licensed physicians.

What's next, 'Intern Brain surgeons'?

[HB 4003] would lead to fraud and poor patient care as soon as [HB 4003] would be enacted into law.
