It's critical that we provide protection and overtime pay to essential farmworkers. Many of my family members are farm workers, and they have continued to work risking their health throughout the pandemic. They work in the harshest conditions during extreme heat and winter storms and during wildfires. There is no reason why essential workers are excluded from overtime pay - farmworkers deserve to be treated the same as all other workers. ? I urge you to pass Farmworker Overtime in the 2022 Legislative Session because nobody should be hungry.
