

Submitter: Tammie Murray

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1534

No stated cost of Oregon Global Warming commission mentions within Bill. Study, study . . . invest, invest . . . in sequestration with natural plant life and restoration projects. I swear the government has been doing these Act studies for 30+ years but absolutely with no real progress. Wake up, the planet will not wait and is not waiting, get in gear, doing, and doing some more instead of talking about. Politicians wonder why citizens are frustrated by the political grind, nothing or close to nothing changes.
