

Submitter: Sara Grigsby

On Behalf Of: Self

Committee: House Committee On Environment and Natural Resources

Measure: HB4080

To Whom It May Concern;

I can't tell EXACTLY what this is about but it "smells" of killing wolves and coyotes.

The language in the description isn't written in lay language. We MUST strike a balance between human activity and the environment and the wildlife in that environment.

I would have to know more to say more, but in the meantime I'd say that on the face of it, I am against HB 4080. What does "landowners meet certain criteria to petition for formation of predator damage control district" REALLY mean?!

Sara
