House Committee on Rules
Oregon State Legislature

Re: Support for HB 4140—Expands duties of Oregon Government Ethics Commission to conduct investigations, make findings and impose penalties for violations of public meetings law.

Dear Chair Smith Warner, Vice Chairs Breese-Iverson and Fahey, and members of the committee:

I am writing in support of HB 4140.

As the research director at Cascade Policy Institute, I attend many public meetings. Adherence to the state's Public Meeting Law is of paramount importance to a functioning democracy and an educated electorate.

In my experience, in most cases, governing bodies go to great lengths to abide by Oregon's Public Meeting Law. But, there are also cases in which a governing body ignores or—even worse—openly violates the law. Unfortunately, under current law there is little recourse in these cases. HB 4140 is a big step toward remedying these outrages.

Let me tell you a story about Metro, the Portland-area regional government.

Metro's Natural Areas Program Performance Oversight Committee was charged with overseeing hundreds of millions of dollars of taxpayer money spent on the agency's "Parks and Nature" program.

On two separate occasions, it seems the Oversight Committee held public meetings without public notice of the meetings. One of the meetings (February 4, 2020) I understand was held to discuss testimony I gave to Metro Council about the Oversight Committee's performance. It would be an understatement to say that I had an intense interest in attending this meeting. But, because the meeting was essentially held in secret, I had no knowledge of it until a Metro Councilor let the cat out the bag later that day at a Council meeting. As far as I know, there are no minutes of that meeting. The failure to issue a public notice and failure to keep and publish minutes are clear violations of Oregon Public Meeting Law.

This is especially outrageous because one of my complaints to Metro Council was that the Oversight Committee did not issue public notice of an earlier meeting (September 24, 2019). Here's where things getting even more outrageous.

As I documented in my letter to Metro Council (attached), it appears that the day after my testimony about the Oversight Committee, Metro staff created a calendar entry on its website to give the impression that the public meeting notice was published prior to the meeting. In other words, it seems Metro "retconned" (short for "retroactive continuity") its website in hopes it could "gaslight" me into thinking that the public meeting notice was posted all along.

If I am correct in my assessment, both of these sets of violations were flagrant and egregious. The Oversight Committee should have been fined for failing to publish notice of the meetings and failure to keep minutes. The Metro staff who altered the website should have been fired and charged with falsifying documents.

But, alas, nothing came of it. That's because under current Public Meeting Law, I would have had to incur the costs of litigation and demonstrate I suffered an economic injury from the decisions made at the meetings. That is an impossibly high burden for an ordinary citizen and allows governing bodies to act with virtual impunity regarding the state's Public Meeting Law.

If HB 4140 were in place during the violations I alleged, I could have made a complaint to the Oregon Government Ethics Commission. OGEC would have the authority to investigate my allegations and impose penalties anyone found in violation of Oregon Public Meeting Law.

I urge you to pass HB 4140 out of committee.

Respectfully submitted by:

/s/ Eric Fruits

**Re: Oregon Public Meetings Laws related to meetings of the Natural Areas
Program Performance Oversight Committee**

Dear President Peterson, Deputy President González, Metro Councilors, Ms. MacLaren,
and Mr. Evans:

I have some concerns that Metro may not be satisfying its obligations to provide public notice of its meetings subject to Oregon's Public Meetings Law. Specifically, my concerns relate to the last two meetings of the Natural Areas Program Performance Oversight Committee, on September 24, 2019, and on February 4, 2020.

OVERSIGHT COMMITTEE IS SUBJECT TO OREGON PUBLIC MEETINGS LAW

The Oversight Committee is a governing body of a policy body and is therefore subject to Oregon's Public Meetings Law. The Oversight Committee (a governing body) has authority to make recommendations to Metro Council (a public body) on policy or administration, as demonstrated in Metro Ordinance 07-1155A, establishing the Oversight Committee (emphasis added):

Purpose and Authority. The purpose and authority of the Natural Areas Program Performance Oversight Committee is to annually review whether the program is meeting the goals and objectives established for the program by the Metro Council (“program performance”). The Committee shall annually report to the Metro Council regarding such program performance, **which report shall provide the Committee’s recommendations** to improve such performance, if any.

The minutes from the first meeting of the Oversight Committee on June 21, 2007, confirms the Oversight Committee’s authority to make recommendations to Metro Council (emphasis added):

Metro Council President David Bragdon thanked everyone for agreeing to serve on the committee and recognized committee members’ wide diversity of backgrounds and skills. The **Metro Council is looking forward to the committee’s advice** on performance measures – not necessarily number of acres purchased, dollars spent or number of transactions, but **how Metro and the Natural Areas staff do business** – making sure we are sustaining the public’s trust and that they are getting the best value for their money spent.

Oregon Public Meetings Law requires that public notice be given of the time and place of meetings. The Law requires the public notice must also “include a list of the principal subjects anticipated to be considered at the meeting.” The list of subjects should be specific enough to permit members of the public to recognize the matters in which they are interested.

The Public Meetings Law requires written, sound, video or digital recording of minutes for all meetings and that minutes must be made available within a “reasonable time” after each meeting, but does not specify the time. It is generally recognized that this time frame should not exceed three weeks.

The Public Meetings Law specifies members of a governing body may be liable for attorney and court costs both as individuals or as members of a group if found in willful violation of the Law.

**FEBRUARY 4, 2020, MEETING OF OVERSIGHT COMMITTEE:
FAILURE TO INFORM THE PUBLIC OF THE MEETING**

At the February 4, 2020, Metro Council work session, Councilor Sam Chase indicated that there had been a meeting of the Oversight Committee earlier that day, as reflected in the audio from the work session:

I want to take the time to share a little bit about the Oversight Committee which the timing is nice because **we met this morning**. And **so that bond Oversight Committee met** and, in fact, discussed and one of the topics which I was not really going to address here, we really did review the admin costs and there’s really no question that those are going to come in at under 10 percent over the life of the bond.

From Councilor Chase’s comments, it seems the Oversight Committee discussed several matters, including a January 23, 2020, letter and testimony I submitted to Metro Council regarding the Oversight Committee and financial information published in the Parks and Nature Annual Report.

There is no record of a public notice of the February 4, 2020, meeting of the Oversight Committee. Exhibit 1 is a screen capture of Metro’s news archive of “Parks and nature” news showing that there was no notice the public meeting. Exhibit 2 is a printout from the Daily Journal of Commerce’s list of public meeting announcements, showing there was no notice of the public meeting. A screen capture of Metro’s calendar shows no notice of the public meeting.

**SEPTEMBER 24, 2019, OVERSIGHT COMMITTEE MEETING:
FAILURE TO INFORM THE PUBLIC OF THE MEETING; POSSIBLE
BACKDATING OF MEETING ANNOUNCEMENT; FAILURE TO MAKE MINUTES
AVAILABLE WITHIN A REASONABLE TIME**

Based on meeting materials recently published on Metro's website for the Oversight Committee, it appears the Oversight Committee had a meeting on September 24, 2019. I have been following the Committee's website regularly since June 2019, and do not recall seeing public notice prior to the September 24, 2019, meeting.

When the website was archived by Archive.org on August 25, 2019, there was no announcement of the upcoming September 24, 2019 meeting.

- <https://web.archive.org/web/20190825074507/https://www.oregonmetro.gov/public-projects/parks-and-nature-investments/parks-and-nature-investments>

When the website was archived by Archive.org on December 6, 2019, the minutes had not been posted and there was no indication that Committee meeting was held on September 24, 2019:

- <https://web.archive.org/web/20191206163018/https://www.oregonmetro.gov/public-projects/parks-and-nature-investments/parks-and-nature-investments>

Exhibit 3 is a screen capture of Metro's news archive of "Parks and nature" news showing that there was no notice the public meeting in the month leading up to the meeting.

Exhibit 4 is a printout of Metro's meetings calendar for September 2019. The printout of the calendar shows a 9:00 AM meeting of the Oversight Committee on September 24, 2019. Clicking on the link opens a page providing the time and place of the meeting. The page, however, does not include a list of the principal subjects anticipated to be considered at the meeting, in violation of Oregon Public Meetings Law.

- <https://www.oregonmetro.gov/events/natural-areas-program-performance-oversight-committee-meeting/2019-09-24>

Exhibit 5 is a printout of the HTML source code for the page. The source code indicates the page was created on January 24, 2020, one day after my January 23, 2020, testimony to Metro Council regarding the Oversight Committee and the Parks and Nature Annual Report:

```
25 <meta property="og:updated_time" content="2020-01-24T11:18:52-08:00" />  
26 <meta property="article:published_time" content="2020-01-24T11:11:00-08:00" />  
27 <meta property="article:modified_time" content="2020-01-24T11:18:52-08:00" />
```

To summarize the timeline:

- The Oversight Committee held a public meeting on September 24, 2019. There appears to have been no advance public notice of the meeting. As late as December 6, 2019, there was no record of the meeting having occurred on the Oversight Committee's webpage.
- On January 23, 2020, I submitted a letter and presented testimony to Metro Council criticizing the infrequency of the Oversight Committee's meetings. Specifically, I noted that the last time the Committee met was in April 5, 2019, where only 2 of the 12 Committee member were in attendance.
- A page on Metro's website announcing the September 24, 2019, Oversight Committee meeting has a "published" date of January 24, 2020, one day after my testimony to Metro Council.

Metadata in the PDF of the minutes from the September 24, 2019, meeting indicate the minutes were prepared by Marybeth Haliski on September 25, 2019. However, as noted above, on December 6, 2019, the minutes had not been made available on the Oversight Committee's webpage. This appears to be in violation of Oregon's Public Meetings Law specifying that minutes must be made available within a "reasonable time" after each meeting.

In addressing Metro Parks and Nature Director Jonathan Blasher, on February 4, 2020, Metro Councilor Bob Stacey referred to a memo from Mr. Blasher regarding my letter and testimony. I have requested a copy of the memo from Councilor Stacey and Council President's chief of staff, Paul Slyman, but have not yet received it.

At the Council meeting, Councilor Stacey indicated the memo led him to conclude that my observations about the Oversight Committee and the Parks and Nature Annual Report were “startling accusations” consisting of “tinny” “potshots” providing “no meaningful critique.” He also inferred Cascade Policy Institute’s work is irresponsible, as reflected in the audio from the meeting:

I wanted to take this opportunity thank Mr. Blasher for producing your January 28th follow-up memo about testimony the Council received on the 21st [sic] from the Cascade Policy Institute. Mr. Fruits from Cascade Policy Institute made some **startling accusations** about both our Oversight Committee and our own work. Your—I asked for a response because **it sounded a little tinny** to me. I come from a background where criticism and scrutiny of government action was part of my mission—mission of the organization I worked for—and I appreciate and acknowledge the role that Cascade Policy Institute plays—**when it performs its work responsibly**. I use the analogy of how the political spectrum is sometimes described in directions but it’s also described in colors and in terms of keeping government accountable I think there’s a place where the ultraviolet meets the infrared and I thought we had that in common with Cascade Policy Institute. But, as you show, that was a series of **potshots taken out of context** with **no meaningful critique** of how we do our business and I’m grateful to you for making that clear on the record. Thank you.

Cascade Policy Institute has been following Metro’s “Parks and Nature” program since its inception. After months of in-depth research, in October 2019, Cascade published a comprehensive review of the program. This is a “meaningful critique” and to date no one—including Metro Council, Metro staff, or advocates of the program—has questioned the accuracy of the information in the report.

- <https://cascadepolicy.org/land-use/hidden-lands-unknown-plans-a-quarter-century-of-metros-natural-areas-program/>

As noted above, members of a governing body may be liable for attorney and court costs both as individuals or as members of a group if found in willful violation of the Public Meetings Law. To reduce the risk of such consequences, I urge Metro Council to

Metro Council, Metro Attorney, Metro Auditor

Page 7

perform a thorough review of Oregon's Public Meetings Law and take whatever actions necessary to ensure Metro abide by both the letter and the spirit of the Law.

Respectfully submitted,
