Measure: SB1517

I support HB 1517. The ongoing state of emergency resulting in strict government mandates and regulations dictating how Oregonians can live their lives has given too much authority to a single office. This has got to stop. This bill will establish an accountable process for future "Emergency Declarations" by requiring declarations and extension of those emergency declarations to be accompanied by written explanations.

I urge you to please support SB1517.

Sincerely,

Nancy Baker, Terrebonne
