

Submitter: Craig Herman

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: HB4080

Chair Marsh and members of the Committee:

Thank you for the opportunity to ask you to support HB4080. Predator control is an important wildlife management tool. Those of us who have livestock that are at risk from predators everyday need Predator Damage Control Districts. The Predator Damage Control Districts will allow funding to pay for costs of preventing, reducing, and mitigating damages to livestock and property from predatory wildlife.
