On Behalf Of: Mr Oregon Opposes SB 1530

Committee: Senate Committee On Judiciary and Ballot Measure 110
Implementation

Measure: SB1560

Wednesday; [02.09.22]

I OPPOSE [SB 1530] WITH EXTREME PREJUDICE.

The term 'noncitizen' refers to many welcomed legal residents who, for what ever reason, are in our country obeying our immigration laws.

The term 'Illegal alien' is a term reflecting the illegal entry into the United States of America without the slightest regard for our immigration laws until; they get 'busted' and are up facing deportation. At the point of deportation hearings, the illegal alien then wants access to our laws to stay in the United States of America.

Over the years, the term 'illegal alien' has been politically watered down to mean 'undocumented person'.

The dilution factor to 'noncitizen' serves to obfuscate society by elevating or a social promotion if you will, an 'illegal alien' to a 'noncitizen'.

I prefer to call a 'spade' a 'spade' and an 'illegal alien' an 'illegal alien' until the 'illegal alien' is deported; then I say, 'good-riddance'.

The United States of America is a nation predicated on law. If you break the law, you will be brought to justice.

David S. Wall

Mr. Oregon Concurr-an 'illegal alien' is an 'illegal alien' and not a 'noncitizen'.
