Measure: SB1517

I am writing in support SB 1517 to require that declarations and extensions of states of emergency under certain statutes be accompanied by written explanations.

At first we were told to stay at home for just "two weeks" to slow the spread. We have since witnessed nearly two years of tyrannical overreach by the governor issuing mandatory face mask edicts and vaccine mandates under the pretense of a state of emergency. The governor should be limited in their ability to issue years-long states of emergency.
