

Submitter: David Wall  
On Behalf Of: Mr Oregon Oppose HB 4034  
Committee: House Committee On Health Care  
Measure: HB4034

Thursday; [02.10.22]

I OPPOSE [HB 4034].

My Opposition is predicated upon the outcome of [HB 4155].

I am concerned the OHA has become a 'Data Mining' operation and without invincible cybersecurity, patient information is at risk.

I support Telemedicine however, invincible cybersecurity is needed here as well.

OHA and its' patient data transfers and relationship with Community Care providers needs to be reviewed to insure confidentiality.

David S. Wall  
Mr. Oregon Concurr.
