

Submitter: Lillian Cochran  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB4141

If this bill passes, I am concerned about the tourism in this state. A large portion of the rv's that visit/camp in this state are pulled by diesel trucks. I know farmers and truckers will get hurt, but I wanted to point out that this can greatly affect tourism dollars. A lot of those visitors are retired and don't have the funds to buy new trucks, or fix the ones they have after diesel alternatives gum up the engines. With rising costs of everything, this would be just one more hardship facing our elderly and preventing those people from enjoying the retirement they deserve. Don't forget, they bring money into small communities that desperately need it. I hope that you will consider the harm that will follow the passage of this bill. Not to just a certain segment of our communities, but to everyone in the state.
