

Submitter: David Wall  
On Behalf Of: Mr Oregon remains Neutral on HB 4098  
Committee: House Committee On Behavioral Health  
Measure: HB4098

Thursday; [02.10.22]

My position is NEUTRAL on [HB 4098].

My concerns with [HB 4098]:

How much of the Opioid Settlement Money is going to be used to cover 'administrative costs'?

Is Yamhill County's Coordinated Care Organization going to be a recipient of the Opioid Settlement Money?

I'm concerned as to the work-product created by the collaboration between agencies, who owns the 'Intellectual Property Rights'?

Someone is going to write a book or two from all the data that will be mined from this joint venture.

\*\*\*Having thoroughly reviewed all submitted Testimonies concerning [HB 4098] as of this date.

\*\*\*I find the Testimony of Dr. Carol Greenough worthy of sincere praise for her long and continuous service to Humankind.

\*\*\*May Dr. Greenough continue to relieve the suffering addictive drugs and alcohol have wrought upon the frailties associated with the human condition.

Mr. Oregon Concur-Dr. Greenough, I hope you are running the 'show' in Washington County, Great Job and God Bless-you!
