Implementation

Measure: SB1587

Hemp is not Heroin so quit acting like it is- my word, takes property, fines, and downright destroys assets of a farmer and/or processor; for what? Because a farmer wants to grow a strong long lasting fiber and glean the byproducts of hemp to be processed into medicinal tinctures, lotion, non-cariogenic beauty products . . . .

Legislators we do not live in an autocratic state but a free democratic union.

Politicians should not tell our citizens what to grow or not to grow without just compensation, especially when hemp is not listed as a federal class 1-drug. Do not like where this is this heading at all. I oppose Senate Bill 1587 because without just compensation from the Oregon Department of Agriculture for growing/processing or not growing/processing hemp is the only fair approach – not punishment.
