

Submitter: Paul La Follette
On Behalf Of: Farm bureau
Committee: Joint Committee On Transportation
Measure: HB4141

Dear legislators,

I am in farm Bureau. I am writing you in complete opposition to this bill. This is a huge mistake and is wrong. Banning diesel fuel is one of the worst decisions you could make. And will only hurt you, your citizens, businesses and drive up the cost of everything on the state

Everything in every store is trucked in. And all food fiber and fuel that is grown and made relies on farmers and ranchers

Do not ban diesel fuel

Farm bureau member

Paul La Follette
