

Submitter: Sandy Chung  
On Behalf Of: Heather  
Committee: House Committee On Judiciary  
Measure: HB4131

Heather, Portland: We should be increasing the restrictions on the use of force, not decreasing them. I should not have to have with me a gas mask, a bulletproof vest, and a kevlar helmet just to voice my opinion about our government. I have been shot, beaten, and tipped out of my wheelchair by police while simply trying to provide medical aid to those who were hurt.
