

Submitter: Karen Spurlin

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4141

I urge a NO vote on HB 4141. We are a third generation farm family in the Willamette Valley and strongly oppose this bill that was obviously written by someone that doesn't support Oregon's agricultural industry. We are already fighting with rising inputs and all of our heavy harvest equipment runs on diesel. This is a devastating Bill for Oregon and needs to be gone.

Thank you

Karen Spurlin
