

Submitter: Shelli Huston

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1539

Again, another bill that is horrible for the tax paying citizens and business owners of Oregon. This encourages more homeless to come to Oregon and offers more free services to individuals that are not participating in our economy. All of these homeless people are costing the taxpayers of Oregon millions of OUR tax dollars and I believe the Oregon government needs to be better stewards of our money.
