

Submitter: Judy Baker

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4141

I strongly oppose hb4141. I own a very nice diesel pickup and it serves many purposes in our family. We get to work, we help people with projects and haul our own rv and other things with this amazing rig. Hb4141 is crippling the very heart of what makes Oregon great. Again, I completely 100% oppose hb4141!!
