

Submitter: Amy Hardesty  
On Behalf Of: Frontier Charter Academy  
Committee: Senate Committee On Education  
Measure: SB1552

I support this bill because the state's current system of only 3% of students per district being able to access school choice creates inequitable educational access in our state. Being enrolled in a virtual school for the last 4 years has had a huge positive impact on my 3 children's education and mental health. I believe strongly that all families should be able to choose the best way to school their children.
