On Behalf Of: Oregon Charter Academy  
Committee: Senate Committee On Education  
Measure: SB1552

Having the right to choose a school within Oregon is important to a child's education and family situation. Being able to choose where my children attend school has been vital to the unique situations of my family. My daughter has improved three fold in her math skills after switching to a new school. All parents should have the right to choose the best fit when it comes to an education.
