On Behalf Of: SB 1552  
Committee: Senate Committee On Education  
Measure: SB1552

I support SB 1552! Parents should be able to decide where their children are educated. If public schools were responsible to parents for how and what their children are being taught, SB 1552 would not be necessary. Children are the responsibility of the parent not the state public school system. Stop locking parents out of schools and board meetings! Stop teaching our children how to have sex or what their gender should or shouldn't be! Parents choice, not the state!
