Re: Support of HB 4033, as written and introduced by the Early Learning Division

The Klamath Tribal Council supports HB 4033 as was introduced by the Early Learning Division that supports the Tribal Learning HUB; with the voice of each of the nine (9) federally recognized tribes as an important voice. Changes made to the House Bill directly impacts the intent of the delivery of services to the tribal communities as unique bodies, that have interests' in providing opportunities for our youngest learners.

We acknowledge that we have reviewed HB 4033 and support the work outlined by the Early Learning Division, through the collaboration with the Government to Government Education Cluster. We further acknowledge the collaboration with the Oregon Department of Education for matters that impact geographic locations that influence our community priorities in Education. We look forward to working together to support our tribal students and our schools.

Sincerely,

Donald C. Gentry,  
Klamath Tribes Chairman
