On Behalf Of: Mr Oregon Opposes HB 4093

Committee: House Committee On Economic Recovery and Prosperity

Measure: HB4093

Tuesday, [02.15.22]

I OPPOSE [HB 4093].

Beware of those who peddle 'Genuine Progress Indicator (GPI)' (usually 'Non-Profit Corporations') as a panacea to measure alleged societal woes and provide illusory utopian solutions to solve societal ills.

The 'cost' of developing, implementing, and chronic updating the GPI is unknown and 'unknown cost drivers' serve to condemn [HB 4093].

GPI also does not mention the need for periodic performance and financial audits the 'costs' of which are also unknown. Now multiply the 'unknown costs' to multiple GPIs required of all state agencies. [HB 4093] is a 'bottomless money pit'.

Personally, [HB 4093] legitimizes GPI but, the real 'hustle' is 'higher taxes', bigger government and more government control over Oregonian lives.
