

Submitter: Mike Slagle  
On Behalf Of:  
Committee: House Committee On Education  
Measure: SB1521

Distinguished Senators,

Please consider what voting SB 1521 means if voted into law.

It would take the power from the people who vote for you all and Oregon school boards. You and they are elected to represent our citizens and it would seem that you would not care if you vote SB 1521 into law. There are some school Superintendents who already overreach their powers to influence elected officials with budgets and policy making.

Please vote NO on SB 1521

Thank you,

Respectfully,  
Mike Slagle  
Salem
