Committee: House Committee On Education
Measure: SB1521

I strongly oppose SB 1521. SB 1521 removes protections and oversight from our children. This bill would have the effect of making school superintendents unaccountable and virtually unremovable, as long no serious laws were violated, no matter how poorly a job is done under their direction educating our youth. This bill effectively shuts out and silences school boards, parents, and the general publics involvement in educating our youth, this would include quality of education being taught. Our children are our future. Our future deserves better. NO ON SB 1521!
