

Submitter: Ashley Corey

On Behalf Of:

Committee: House Committee On Health Care

Measure: SB1529

I am an RN and I oppose this bill with the new amendments (SB 1529 Engrossed or 1529 A) that were recently added. Public health decisions are too important for one agency to decide on behalf of an entire state. This is not an appropriate delegation of power, power that needs to remain with legislators and the people they represent.
