

Submitter: Carol Fuller

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

To: House Committee on Environment and Natural Resources

I want to agree with all that has been sent to you about this on going issue. Besides the environmental problems, these heavy boat's waves cause significant safety issues for stand up paddle boarders, kayakers, canoers, swimmers. To this day, I wonder if that is what happened to the last young man who fell off his board by Elk Rock Island and drowned.

Thank you for your work,

Carol
