

Submitter: Chad Kernutt
On Behalf Of: Concerned Parents
Committee: Senate Committee On Education
Measure: SB1552

Dear legislators,

I am a father of 3 kids in school and I urge you to vote yes on SB-1552. This bill removes requirement that student must receive approval from resident school district before enrolling in virtual public charter school not sponsored by school district eliminating the maximum percentage of students that can be enrolled outside the school district. What is best for the students and their parents should never be determined by quotas or limited by where the kids can attend. If we are to keep parents from withdrawing kids from the public system and opting for homeschooling, it has to be more flexible to meet needs, especially kids with special needs. This bill is an absolute must and no one should be against it, anybody against such a bill I would have to question them on just what they actually care about because it wouldn't be the children. Please vote yes on SB-1552. For the childrens best interests.

Sincerely,
Chad Kernutt
