To: House Committee on Healthcare  
Representative Boomer Wright  
Senator Dick Anderson

RE: SB 1529 A-Engrossed

We are writing to strongly urge the committee, our state representative, and our state legislator to NOT pass SB 1529 A-Engrossed. This bill as written would give one UNELECTED person, the OHA Director, unchecked power over all Oregonians! He or she alone would determine what is a state of emergency, how long it could last, and unlike our elected officials, would not be accountable to the Oregonians it would affect. Do NOT pass this bill!

Sincerely,

John & Kelty LaRocco
