

Submitter: Ruth Tuttle

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I strongly oppose this bill as it will have a very significant negative economic impact in our state. It will negatively impact employment opportunities, thus significantly reducing employment taxes currently being generated. It will most certainly negatively impact and greatly decrease the fee revenue generated for the Oregon State Marine Board, and the DMV. It will also have a profound negative impact by significantly reducing the tax revenue generated by the Vehicle Privilege tax and the Corporate Activity Tax.
