

Submitter: Donna Bleiler
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SB1556

I OPPOSE SB 1566

The salary for legislators was set to be a servant of the people. That has changed. The manipulation keeping the public voice silent is making the legislature more powerful than ever intended. What we need is to put the brake on new programs and do a complete audit to determine the value of our "servants." The raise in pay and childcare is all part of getting more minorities elected to complete their plans of socialism.
