

Submitter: John McDonald

On Behalf Of:

Committee: Senate Committee On Veterans and Emergency Preparedness

Measure: HB4082

I wholeheartedly support this bill.

As a veteran, it is important to me to know that my brothers and sisters in arms are accorded the dignity they are due for their service to our state and nation.

As an Oregonian, I applaud the fact that our state is at the forefront of providing this service for our deceased veterans. To provide for a final, dignified burial, rather than letting their remains languish in both a literal and figurative dark corner.

Sincerely,

John McDonald
