

Submitter: Janice Tarlecki  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: HB4133

Please honorable committee, Do Not pass this measure. I and my daughter have both had our identities stolen and misused in the last few years and months, due to electronic issues with multiple internet hackers. Experian, Equifax, stolen wallet, OHSU-Adventist, etc, etc.

I am widowed and disabled, and struggling to survive and have SPAM -fraudulent emails, and internet harassment all the time. I NEED to be sure my VOTES are never accessed by ID theft, fraudulent access, etc. Please consider my request . Thank you most sincerely.
