

Submitter: Ross Meekins

On Behalf Of:

Committee: House Committee On Health Care

Measure: SB1529

This State's executors need to stop bypassing the Democratic process and granting themselves more executive powers, which effectively translate to Authoritarian, one-party rule. These unconstitutional power grabs demonstrate a power-hungry Government that does not represent ALL of it's citizens, which flies in the face of the values and tenets of not only this State, but this Nation. It is wrong, and our "leadership" knows it.
