

Submitter: Bobbie Rogers

On Behalf Of:

Committee: House Committee On Health Care

Measure: SB1529

I strongly oppose SB 1529 and urge a NO vote on this bill. It is NOT in the best interest of "The People" to give unelected officials the authority to declare a public health emergency. Doing so would remove the power and authority of our elected Governor, legislators and ultimately the Oregon constituents.

Thank you,
Bobbie Rogers
