

Submitter: Sharonann Jones

On Behalf Of:

Committee: House Committee On Health Care

Measure: SB1529

As a lifelong Oregonian, I am very much opposed to SB 1529 A Engrossed. This measure giving emergency authority to an unelected person with no accountability is not warranted or safe policy. It does not solve any current problem, yet opens the door for many abuses of power. The people of Oregon have been ignored and subjected to unwarranted public policies for too long. We need more accountability of our leaders. Please, do not pass this legislation.
